

# Human Factors in High Reliability Industries

## Annual Meeting 2014 Call for abstracts

October 8-10, 2014, Lisbon, Portugal

<http://conference.hfes-europe.org>

October 8 -10 2014 the HFES Europe Chapter Annual Conference will be held in the Expo area in Lisboa (Lisbon), Portugal

This year's theme is **Human Factors in High Reliability Industries**

High Reliability Industries, usually High reliability organisations, have traditionally been a key interest area for Human Factors, simply because errors in these organisations can have large and severe consequences. In this conference papers on Ergonomics in areas such as Aviation, Medicine, and Power plants are particularly invited. But the intention is to also organise sessions on subthemes such as Transportation and Affective Human Factors.

Europe Chapter meetings are open to all who are interested in attending. Abstracts are invited on topics related to the themes mentioned above, but also on other human factors application domains.

Presented papers will be reviewed and published on the Europe chapter homepage after the meeting. For questions email: [d.de.waard@hfes-europe.org](mailto:d.de.waard@hfes-europe.org)

### Organisation committee

Alexandra Franco  
*INAC*

Karel Brookhuis
